

MaxProtech

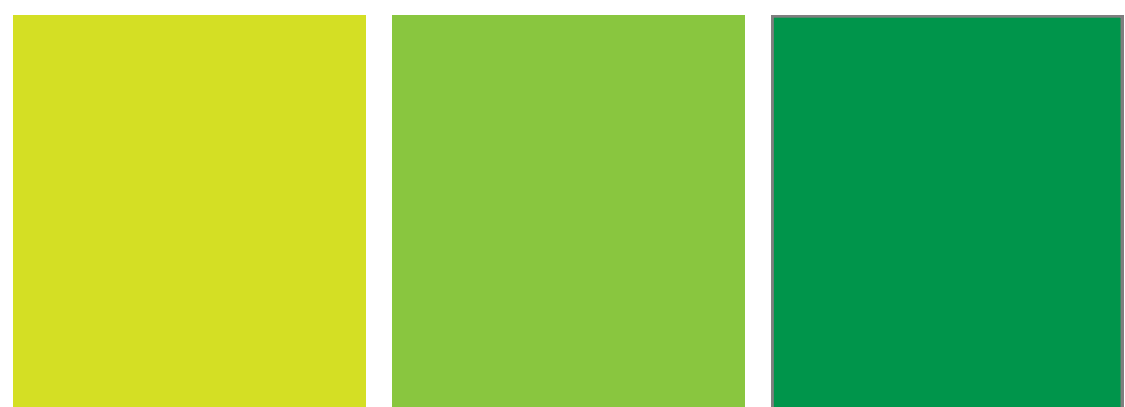

Ethyl & Isopropyl Alcohol

CASE STUDY

- Create a logo for an alcohol brand the will emphasize cleanliness and protection
- Make it more natural or close to nature to state that this product doesn't contain harmful chemicals.

COLORS

- Green signifies natural, fresh and quality.

#D5DF25

#8AC640

#00964B

DESIGN

- A subtle graphic representation of a leaf, just to stimulate that this product in more on nature / it use natural chemical that isn't harmful on the skin.
- A cross signifies for medicinal uses or first aid.
- The inverted heart that completes the cross symbol is subtly hidden symbol for caring. To lessen the message of the protection part to be aggressive against germs / bacteria and be more gentle but still can do tha job done.
